Joy & Pain:

Like sunshine and rain
Like sunshine and rain
Not from the old school or from the new
Applaud the boom, do what you want to
Talk to me then try to put me down
We used to be cool now we don't hang around
Used to be friends but now we're foes
Ask me why, man, no one knows
Maybe jealousy between you and me
Could be the fame, could be the money
I'm goin' for mine and I don't really care
Cause the spotlight Rob Base don't share
I'm the headliner of this show
And you're just a kid and you need to grow!
Like sunshine and rain
